<p>I object to this planned proposal due to the permanent loss of agricultural land which as the current war in Ukraine has shown we need to be able to produce our own food in this country. One thing the Covid pandemic showed was the impact on mental health and not being able to access green spaces. The destruction of these fields, woods and streams will have a massive impact on people mental health due to not being able spend time walking in these clean quiet areas away from traffic and noise.</p> <p>Leeds road is overrun with traffic everyday, especially from 3.30pm onwards with it generally at a standstill due to traffic numbers and traffic lights. This increase in air and noise pollution will have a massive impact on the health of residents and also the children at Shaw Cross Infants School. The roads are too small to handle the proposed development and if it goes ahead residents will suffer for decades to come.</p>
