<p>Dear Sir/Madam,</p> <p>The reasons for my objection are multiple, so I shall keep these points brief. I object to:</p> <ol style="list-style-type: none">1. The permanent loss of agricultural land.2. The loss of ancient woodland.2. The displacement and subsequent threat to protected and in some instances endangered species, including bats.4. The loss of an important green public space that benefits the mental and physical health of many in the local area and beyond.5. The loss of the important and beneficial green spaces between towns.6. The impact on climate change and local air and noise pollution. <p>With every greater concerns around our natural world, the environment and climate, I trust these concerns and those raised by many others are considered carefully when deciding on this project.</p> <p>Yours sincerely,</p>
