Address of the site or building:	Land east of, Leeds Road, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
<p>I would like to object to the application on the following grounds:-</p> <p>The roads are not designed for this development. The additional cars at peak times will increase traffic pollution, contributing to climate change.</p> <p>The area itself is one which is currently green space with a variety of habitats for a variety of animals and plants supporting deer, foxes, skylards, buzzards, woodpeckers to name but a few which live in the area. Bats are also present in the green space having watched them in and around the fields and woods. These are supported by a diversity of smaller animals and plants which provide an amazing green space. The buffer zone is far too small to support all this wildlife. The ancient woodlands will, without a doubt, not survive with this development surrounding them due to increased people traffic and pollution. This area is steeped in history.</p> <p>The area has been used for farming for decades and vital for farming for food and the food chain. We need fields and greenspace to grow crops to feed ourselves and animals which does not seem to be taken into consideration. People and animals need to eat to survive.</p>
