I would like to object against this application
.The area has seen significant building in the area including 399 houses at the Haigh moor site .
We have no extra doctors, dentist schools
2 What about the wildlife and nature. It surely brought to all our attention during covid how much we should value our green space
3 the roads are too busy without extra vehicles. There's been 300 plus houses at Haigh wood site lots of houses alverthorpe way. Batley road and Dewsbury road will there fore have more traffic. Its a dangerous road as it is with out more traffic.

Regards

152 rein road
