<p>I strongly object against any further building works in Chidswell and surrounding areas on a scale of what is proposed. Horrendous traffic on Chidswell lane, accidents happening almost daily with vehicles and pedestrians. We bought our home for the outstanding views in which we could promote with our business, who wants to sit outside a public house covered in dust with large wagons banging around! Never mind have to live directly opposite it and then you want to have it behind us aswell. 75% of our trade was lost due to the building works starting resulting in closure of our livelihood and having to adapt our business to suit! The animals and nature that live amongst the fields will have an enormous effect. I for one living in between the fields have seen what beautiful wildlife we have residing. The nature of the trees and flowering will be massively impacted, to coincide with a massive footfall of vehicles fumes to contend with instead. The noise disturbance will be astronomical on the surrounding neighbours. Already we are seeing the beginning of this on a smaller scale. I strongly object</p>
