<p>My family and I, including 8 year old daughter and 5 year old son, live only 100 yards from this proposed development.</p> <p>They will be subjected to airborne construction pollution including carcinogens for the duration of their formative years.</p> <p>They will be subjected to an increase of airborne pollution from the traffic, which has already increased dramatically on Chidswell Lane as a result of the comparatively tiny development on Owl Lane.</p> <p>They will be put at risk from speeding cars, using our road as a rat run due to frustrations running high from the increased queues on Leeds road and Owl Lane.</p> <p>They will lose their accessible nature, which we use weekly to walk on and get fresh air, away from the busy nearby roads.</p> <p>We, as a family are also deeply concerned about the devastation it will cause to the protected wildlife we go and spot on there - that wildlife that was put there by nature for a reason - this is something you don't have the right to displace.</p> <p>If this were to go ahead, it would be a travesty and will be something that you AND the land owners will one day be regretful and ashamed of.</p>
