Hi there

I would like to formally object to the proposed planning of housing on the Chidswell site over Dogloitch Woods and Chidswell Farm fields. What an absolute travesty. I walk for my mental well-being every day.

The loss of wildlife and habitats of such is beyond belief. The misnomer of adding schools is just a smoke cloak. I have worked with school appeals and know full well that anyone can go to any school (unless it's private) so that surely does not warrant a plethora of unnecessary housing. What the council are saying about housing with regard to schools is completely incorrect. Even potential pupils from cross borders can apply. Please stop all this underhandness. I have seen kingfishers, otters, swifts and deer in this area. It's unbelievable that you can do this to a massive nature reserve.

All for money and not for benefit. I thought climate change is emerging. Surely this is negating all the principles of new and forward thinking. Once it's gone, it's gone. Please, I beg you, reconsider. For our children and their children. Thanks and I hope you come to the right decision.
