If these plans go ahead which they should not it is going to put a massive impact on the local road networks that are not coping as it is especially if there is issues on the m62 or m1. We will also lose valuable agricultural land which should be saving and looked after once this is taken we will never get this back Also the effect this will have on local wildlife within Dum and Dogloitch ancient woodland and also Dum and Dogloitch Ancient Woodlands are not appropriate sites to offset damage caused by the development Surely aswell the houses being built of Soothill lane are enough for the area these have also affected local wildlife and the local community with changes that that have being made on the main road and with the consent construction traffic this would be twice as bad down heybeck and off Leeds Road
