<p>I am disgusted with the behaviour of Kirklees council planning and the church commission! This planning application was thrown out. You were found to have lied and deceived the people who objected the first time around. How can anyone offset the damage to the eco system, the wildlife and the wellbeing of the community?? How can this application go through when a judgement was won by chidswell action group?</p> <p>There is too much to loose if this application gets passed! It is farmland. This land is needed in this area for wildlife and farming. Protected species live on this land!! What gives the church commission and Kirklees council the right to overturn a judgement?</p> <p>We object to the whole development!</p>
