Dear Sir.

I would like to strongly object to the plans to build houses on the Dum and Dogloitch Ancient Woodlands. This needs to be brought before the Strategic Planning Committee and you should not be allowed to bypass this committee.

Dum and Dogloitch Ancient Woodlands are not appropriate sites to offset damage caused by the development.

The woods are an ancient and vital habitat for important wildlife and you should not be able to simply disregard this environment to build a housing estate that is not needed and will cause the loss of an important habitat that cannot be replicated or replaced.

Yours Sincerely
