OBJECTION TO APPLICATION 2020/60/92350/E

I am writing to you once again to object to the application to develop Heybeck following the Judicial Review which overturned Kirklees Council's decision.

I, like many, are shocked that the Council think that they can approve this when the High Court has ruled against it and that you say you don't need to bring it back to the Strategic Planning Committee when it absolutely should be brought under review of the Strategic Planning Committee once again
