<p>This cannot be another one of those situations where it gets pushed through quickly, not giving local people the opportunity to have our say. This needs to be brought before the Strategic Planning Committee!</p> <p>Also, Dum and Dogloitch Ancient Woodlands are not appropriate sites to offset damage caused by the development, wildlife isn't considered. We are regular walkers round the proposed site which has plenty full of wildlife and habitats which will be destroyed and will take decades to recover and with every household having an average of 2-3 cars per household this will equate to thousands of motor vehicles with an increase of pollution to the environment</p> <p>There is already heavy traffic on Leeds Road and also now on Heybeck and the crossroad, this is going to get alot worse. It's already like a race track with idiots speeding and racing on the adjacent roads to the planned development, this will increase danger for locals, cyclist children.</p>
