| <p>Dum and Dogloitch Ancient Woodlands are not appropriate sites to offset damage caused by the development, wildlife isn't considered! We surely have a moral duty to protect and preserve ancient woodlands once damaged they can never be repaired.</p> <p>The possibility of every household having an average of 2-3 cars per household this will equate to thousands of motor vehicles with an increase of pollution to the environment putting pedestrians at risk many of which are schoolchildren.</p> <p>There is already heavy traffic on Leeds Road and also now on Heybeck Lane this is going to get a-lot worse. It's already like a race track with idiots speeding and racing on the adjacent roads to the planned development, this will increase danger for locals, cyclist children.</p> <p>I am also concerned about how the increase in population will impact on the local health services, education and road safety.</p> | |
