| <p>The traffic is already bad around this area without adding another 400 cars to the mix, not to mention the carbon emissions. Most houses have two cars per household.</p> <p>The views for existing households will be absolutely ruined.</p> <p>There is limited school and GP and Dental capacity as it is, without adding another 200 to the mix.</p> <p>Some of the houses on chidswell lane have been there a long time and their privacy and way of living will be affected by having houses and gardens overlooking them.</p> <p>Owl lane will quickly become congested. People will use chidswell lane as a shortcut in their cars and could be dangerous for dog walkers or children who frequently walk that way. Its already very dangerous at certain times of the day without adding additional cars to the mix.</p> <p>This is a terrible idea</p> |
