Address of the site or building:	Land south of, Heybeck Lane, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
<p>My objection to these plans relates to the following:</p> <ul style="list-style-type: none">conservation of buildings and conservation of the natural environmenteffect on trees and the landscapedesign, appearance and layouteffect on the character of an areanoise, disturbance and odourimpact on highway safety and traffic <p>The proposed plans will have a huge negative effect on the area, destroying a place of great natural beauty that is home to a great many native animals and flora and fauna. It's an important and much loved space. It is used by members of Kirklees and Wakefield districts on a daily basis.</p> <p>Apart from this, I am greatly concerned at the extra traffic it would bring to the area. The existing roads already struggle to cope with the volume of traffic and I believe increased traffic would lead to a worsening of the road surface and also be a danger to pedestrians.</p> <p>In particular, the plan to use the bridle lane where Gawthorpe Water Tower is as an access road is very distressing. This is used by many pedestrians and horse riders and existing traffic is already a hazard as some parts of the road are barely wide enough for one car to get through.</p> <p>I believe these plans would have a huge detrimental effect on the local area, for the community, and for the environment.</p>
