User comments

Type of comment: An objection
This application if allowed to go through will have a serious effect on the wider community including families young children people with disabilities. Air pollution will be much much worse due to the extra traffic on Leeds RoadA653 & the noise. The well being & mental health of residents with a reduction of walks through farm land giving people of all ages an opportunity to enjoy exercise in a safe environment while appreciating the wonders of nature, beautiful trees & hedgerows as well as the bird life. Our local schools doctors, dentists are already working to full capacity& cannot accept anymore new patients. This plan is contrary to the Governments National Planning Policy Framework which supports health, social, & cultural well being. Heybeck Lane, Leeds Rd & Chidswell are already grid locked at peak times due to volume of traffic. New properties will overwhelm existing properties on Heybeck Lane & Leeds Rd causing them to loose their privacy. If this application is allowed to go through it will cause so much distress to so many individuals & families as we are all trying to cope & live through covid19 epidemic..
