

About the application

Application number: 2020/92350	
What is the application for?:	Outline application for residential development (Use Class C3) of up to 181 dwel
Address of the site or building:	Land south of, Heybeck Lane, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
I object to the proposed development on the following grounds: - The UK is one of the most wildlife depleted countries in the world, with many species struggling to survive. One of the primary causes of this is habitat loss. To lose the green space to the planned development would take away another vital habitat for wildlife, further contributing to the loss of our precious UK wildlife. - Loss of this habitat further reduces the connectivity of the habitats in the West Yorkshire area, further isolating species which will gradually lead to further losses of wildlife in this area. - The traffic in this area is already terrible and the thousands of extra vehicles that will be using the roads in this area would make the problem dramatically worse. Plus the pollution that this will cause will be very harmful. - There are many brown field sites which could be used rather than destroying our local green spaces.
