Address of the site or building:	Land south of, Heybeck Lane, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection
Having learnt that a new application has been submitted re houses,business plus demolition of certain buildings is outrageous. There will be significantly hundreds more cars on the roads where the infrastructure as it is struggles to cope, especially if there is ever any problems on the M1 & M62. This will affect the air quality in the area & can cause a lot of health problems in the future. The government are urging people to get out in the fresh air & enjoy the countryside. So how will this be possible when all of our green spaces are being taken. Walking over these fields most days during lockdown & to date has had an enormously calming effect. Also there isn't enough provision within the local area for schools & doctors another pressure that is not needed. With a lot of people working from home now there will be a lot of office building becoming empty as businesses do not require them anymore. I know these are classed as brown sites but it is worth looking at for future. I really object to all the green space being taken for housing. Thank you
