<p>I object to the planning application. This land is one of very few green areas left around. Loosing this will have many negative effects: on pollution with a huge increase and stress on our roads with on average two more additional vehicles per household, this will also cause more noise pollution.</p> <p>Our wildlife will be effected, my parents live on Heybeck and they have bats come to their back garden, also they have seen a YellowHammer. It will also effect living conditions, the view my parents currently have will be blocked by the houses and they will loose their privacy as they will be over looked - this will also de-value their house hugely.</p>
