What is the application for?:	Outline application for residential development (Use Class C3) of up to 181 dwel
Address of the site or building:	Land south of, Heybeck Lane, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I am writing to strongly object to yet another housing proposal in this area. Circa 250 plus houses have already been signed off by LCC at the opposite end of Heybeck Lane, this has already caused masses of the disruption to the local wildlife with the removal of hedgerows and healthy trees near backing on to ancient Haigh Wood. Adding yet another development so closely will have a massive effect particularly on the local Skylark & Yellow Hammer which breed on the land in large numbers. The Ecological Impact Assessment states: "with a development site of this scale, some impacts remain significant, and are very hard to mitigate". This development is proposed to continue over a 20 year period, the damage this will do to the environment, as well as wildlife must be a reason to reject this proposal. The pollution caused by the additional cars in an area which has no infrastructure to support either school place or doctors is already a major issue in this area. How can 2 councils that share a border not consider the developments that are already in place in this area! Please look to reject this proposal.
