

About the application

Application number: 2020/92350	
What is the application for?:	Outline application for residential development (Use Class C3) of up to 181 dwel
Address of the site or building:	Land south of, Heybeck Lane, Chidswell, Shaw Cross, Dewsbury
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The biodiversity, including endangered species such as the unacknowledged kingfisher i have seen there, will be destroyed by going ahead with the planned development. The tokenistic offerings of sustaining or gaining biodiversity after building work is not comparable to the existing, established, range. All reports have been carried out with a bias and are not representative of the reality. The buffer around the ancient woodlands will not protect the trees or wildlife that the woodland and surrounding land supports, this will be irreversible damage. The green lung will be destroyed! This space was not long ago classified as greenbelt, i believe as a local authority kirklees should be protecting our green spaces, particularly ancient woodland, with endangered species, that provides a vital space for people and nature to thrive.
