<p>The provision of 181 houses surrounding Dum Wood will have a significant impact on the trees and landscape. It will destroy habitat for local wildlife. A buffer of 20m is not enough to protect the wood from noise and disturbance, especially considering the huge adjacent industrial development. Current lovely pastoral views for walkers will be destroyed.</p> <p>I am particularly concerned about the extra traffic on local roads due to the access onto Hey Beck Lane and the potential for using this access for rat running through local villages such as West Ardsley. I suggest the sole access is onto the A653. There must be no opportunity for traffic from the adjacent huge industrial and residential site to use this site for access.</p>
