11 September 2023

Your Ref: 2020/92546.

Dear Mr Richard Gilbert,

Further to your letter dated 6 September 2023  
I enclose a copy of my letter dated 12 July 2023.

On review of the letter I have two further points  
to make. The first is I omitted the Environmental issue  
i.e. Flora & Fauna (in particular existing trees) and secondly,  
though most of the points raised in my letter could be addressed  
by development of planning and investment, it does not seem to  
be a realistic solution to future traffic on Blackmoor Road,  
where even currently there are minor jams and hold ups.  
I await response as requested in the earlier letter.

Yours faithfully,

P.S. We are not online/internet.
