

**Subject:** Planning Application Number: 2020/92706

Dear Sirs

I am writing to oppose the above Planning Application on the following grounds:-

1. Prevention of access to my own property

I already have difficulty accessing my own property with my vehicle due to the area being busy and my neighbour's across the road parking their vehicles in front of my drive. With 2 additional houses, the traffic will be busier and there will be more local vehicles affecting resident's access to their homes.

2. No pavements

There are currently no pavements in that area and the road is too narrow to support a pavement. This is dangerous to members of the public who walk up Swallow Lane.

3. Extremely built up area

Swallow Lane is already an extremely built up street with a lot of traffic and a new housing estate lower down. The area cannot cope with a further increased flow of traffic and people.

4. No wildlife / trees

Swallow Lane used to have a number of green areas but, with the increase in houses in the area, there is now little or no room for wildlife or vegetation. By building these new homes, you will be removing the very few trees that are left on the street.

Please get in touch if you have any questions.

Regards
