<p>We are happy with the proposed redevelopment of the site with a single storey retail building. However</p> <ol style="list-style-type: none">1. Who owns the land where they are planning to extend towards the telegraph pole?2. There should be no change to access on the road and pavements in front of the new development.3. The car park at the rear is not a public car park. The owners of the new building should be required to provide a dedicated car parking space.4. The new building should have a restriction placed on it saying that it cannot be converted to a hot food takeaway.5. The proposed permitted opening hours seem rather strange - 05:00 to 16:00? Why do they need to open at 5am?
