RE: Planning Application 2020/93067 Dear Sir/Madam, We wish to relay a concern that we have with regard to the proposed extension at 105 Reinwood Road, Quarmby, Huddersfield HS3 4DW, application number referenced above. we are of the view that the proposed development will have an impact on our standard of living because it is overlooking , and will lead to a loss of privacy Whilst we really appreciate the amendments that have been made to the previous plan (in moving the large windows to the front) and think the design is stunning – unfortunately, the extension is still very close In fact, on the new plans the extension is even closer than on the original submission Therefore, we ask that you refuse this planning application and encourage the developer to use obscured glass on the upstairs windows of the east elevation or resubmit an extension design that is further away so we can enjoy our home and garden in peace. Should you require any additional information, clarification of any comments made, or would like to arrange a visit to our home, do not hesitate to contact us.
