Subject: Proposed Lidl Store - Salendine Nook
Date: 28 October 2020 16:09:31

Ref 2020/93308

I wish to register my support for the proposed Lidl store in Salendine Nook.

The increase in housing in the area means that the local facilities are becoming increasingly busy - as shown during the recent COVID lock down. The car park at Salendine Shopping Centre is inadequate for all the services located there - many times the traffic is backed up onto Moorhill Road whilst cars search for a car parking space. I Have no desire to lose these vital services but feel there is room for additional shopping opportunity in the area.

The site had become unsightly and needs to be developed as soon as possible.

Regards
