Good afternoon

I write to inform you that I fully support the above planning proposal.

I live in Outlane and was very disappointed when the last proposal was rejected.

Sainsbury's car park is an absolute nightmare and I avoid it wherever possible. It causes terrible congestion to the surrounding roads because of the thoughtless layout.

I also feel that Sainsbury's do not offer value for money shopping, especially for the elderly community who cannot always travel into town etc.

I do hope these plans go ahead.
