

Subject: FW: Pre-app 2020/20323 Land Southeast of Abbey Road North, Shepley, Huddersfield, HD8 8FG [OFFICIAL]
Date: 03 November 2020 16:18:58

FAO James Parker

Good afternoon James.

Please see my attached comments in relation to the Pre- app stage for planning application 2020/93358.

I am not sure if these comments were seen by you or your colleagues when it came to designing the full application? Before I submit my full comments for this new application, I was hoping that we could discuss the attached questions and concerns around the questions posed at pre-app stage for this current design.

It is noted that, within the Design and Access Statement for these plans, there is reference to the Safer Places 2004 document. This manual is considered to be well out of date and the more recent Secured by Design Homes 2019 is the preferred guidance for security measures for new builds and refurbishments for dwellings.

Could you please review my previous comments for this site and come back to me, so we can have a constructive discussion about making improvements to the site security.

Kind regards

Richard Thornton
