Type of comment: An objection
This is currently a very quiet village with open views from our property, and quiet and respectful neighbours. I have listed below our objections and comments:- 1. As far as we are aware this is Green belt land. 2. Effect on neighbouring property - our house is opposite the proposed development and therefore the buildings will overlook our property. 3. Effect on living conditions - privacy and being overlooked and right to sunlight and daylight. 4. Conservation of natural environment - wildlife living in the hedge has been killed as the hedge has been ripped out in the last few weeks). 5. Conservation of natural environment - Hedge & bushes destroyed. 6. Effect on landscape - Our view across open fields obscured. 7. What will the buildings look like? No front elevation plans available or seen by us. 8. Noise & disturbance - During construction by lorries, diggers, rubbish, mud & soil etc., etc... 9. Noise & disturbance - Having 2 households opposite where at the moment there are open fields.
