Good Morning Sam

As discussed yesterday, please find attached the letter of notice we received regarding the boundary wall. The first time Mr Hawkins mentioned the wall to me was on my doorstep on Sunday 13th December whilst unloading my children from the car.

outlining the boundary and that the wall is on our land not as displayed on Mr Hawkins plans.

We confirm we do not grant permission for the applicant to build or do any work within the boundaries of our property. This includes any works/alterations/demolition to our wall.

Please could you advise if you will be contacting the applicant regarding this or whether we need to discuss with him as a matter of urgency?

Kind regards
