Subject: 2020/93780 Rumble Road WF12 7LR. Erection of single and 2 storey extension
Date: 25 November 2020 11:54:25

Good morning,
with reference to: 2020/93780 - 2 Rumble Road WF12 7LR. Erection of single and 2 storey extension.

I am submitting an objection to the proposed development and hope you strongly consider the below points.

This is a 2-storey SIDE and REAR extension. The REAR 2-storey extension has not been clearly marked on the proposed elevation plans and is misleading.

1) The 2-storey extension will be built on the side and then wrap around to the rear of the house. I will be severely overlooked as the 2-storey at the rear will be substantial in terms of footprint.

2) There is a Rumble Road Persimmon Homes development to the rear as well and if this planning application is approved for the rear 2-storey, it will severely impact light coming onto my property.

3) The rear 2-storey extension will be an extra 3 meters on the 1st floor, and 6 meters on the ground floor away from existing property footprint. This is substantial and has a huge overbearing effect over my property.

The 2-storey extension is not acceptable for the reasons cited above.

Thank you.
