Type of comment: A general comment
I support an application for a shop in Cleckheaton Town Centre, in order to strengthen the retail offer and support Council policies on town centre usage. Planning permission has already been given for 2 nearby applications to convert from retail to bars, ie Sam's Gin Bar on Northgate & 2020/91498 (a shop) on the pedestrian linkway between Cheapside and Albion St. If this proposal is for a craft beer shop as well as a bar where one can sample beer, I consider it will offer something different, and hopefully will support local craft breweries.
