<p>We note that this application has reopened for comment following the submission of a revised plan by the applicant. We are extremely disappointed that we received no notification of this and strongly believe that Kirklees Council have a duty to notify all parties who have previously commented as a matter of urgency and adjust the "open for comment" period accordingly.</p> <p>Nothing in this updated drawing affects the objections previously lodged by ourselves. Despite being amended, the drawing still contains the same inaccuracy previously highlighted. More importantly, the plan does nothing to address our concerns regarding the material erosion of our right to privacy, loss of visual amenity, our fears concerning drainage, the detrimental affect on the local biodiversity and the unnatural siting which violates the existing build line on Church Lane.</p> <p>In summary, we robustly affirm and stand by the objections previously lodged.</p>
