Postcode:	WF14 9HX

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>This proposed development will impact our enjoyment of the current environment. It is too close to the boundary of our property and that of several neighbours, therefore there will be a noise impact.. It will be so close that we will be able to hear noise of normal daily activity, noise from anyone on the decking or garden area.</p> <p>It will affect light and the view as it is on a slope with an elevated position.</p> <p>It will look out of character stuck in a garden and out of the building line consistent with other properties on the street.</p> <p>This could affect wildlife such as foxes and birds not to mention the numerous bats whose flight path will be disrupted by the height of this property. No doubt in the evening you have not seen this but there are many bats in the area and it is bound to disrupt their natural habitat.</p> <p>Other objections from neighbours are fully supported and we strongly object and request this application is refused.</p>
