Type of comment: An objection
I wish to object to this planning application on the sheer number of houses being squeezed on to such a comparatively small area of land. The original development in 2014 was earmarked for 27 houses. The 56 proposed is a huge increase and is achieved by the number three storey buildings which require a much smaller footprint that can fitted onto this site. This type of housing is most unsuitable for older people due to the number of stairs to each floor. This type of development is more suited to an urban built up area and not the attractive rural countryside like the Upper Colne Valley.
