I wish to object to the 42 dwellings and work at Lingard's Road for the following points. Three storey houses in some cases four storey been built are not only out of character of the area but would be sold with "views" whilst blocking the "views "of the existing houses which were purchased with an added premium because of this. The impact on Lingards road with at least another 80+cars up and down the narrow road with parked cars it makes it a single track all the way up making it dangerous and a safety problem with blind bends. Impact on the village of Slaithwaite i.e. Doctors, Schools, Dentist, which are already unable to cope, the village is already very busy with only one road in and out. Impact on wild life and existing trees being cut down would be an absolute travesty the amount of different birds we see including owls, woodpeckers, bats and birds nesting every year.
