My objections for this development No. 2020/93954 are: 1. There are too many houses and properties planned for this area of development within a rural area 2. The properties will dominate the landscape on what is a rural site 3. The properties would be more suited to being two storey rather than the three storey that is planned 4. Lingards Road is not suitable for the extra traffic - e.g. large lorries and heavy equipment which will use the only access. 5. The driveway of the first proposed house on Lingards Road development is very close to the main access road - this is a safety issue for vehicles entering and leaving the development 6. The increase in residents on the estate will only add to the already overloaded local services 7. The development land is a very wet area with springs and streams on the site which is a big concern for the drainage and risk of flooding to the area 8. There is a loss of privacy and light for many of the properties currently adjacent to the site.
