What is the application for?:	Variation condition 2 (plans) on previous permission 2017/94336 for part demolit
Address of the site or building:	Washpit Mills, Choppards Lane, Cartworth Moor, Holmfirth, HD9 2RD
Postcode:	S40 1SZ

User comments

Type of comment: An objection
The plans submitted with the revised proposal 2020/94139 do not show a suitable elevation scale diagram for blocks C and A. The height of block A in the previous planning consent (2017/94336) was restricted to 225m (consistent with the levels of block D the former factory, now part demolished) as shown on the site elevation plans and scale diagram submitted at the time. No such scale is shown on this revised planning application (despite material change) and prior to granting I would strongly request that the planning authority seeks confirmation that the height of blocks A and C will be as per the original planning consents and an appropriate scale diagrams as part of the elevation plans be re-submitted with this revised application and re-circulated for comment prior to approval.
