Type of comment: An objection
<p>This application is for the demolition of a historical property, it's such a grand house and I feel the area is losing all of its history. There's already new housing that stands where the old pub is was.</p> <p>The road can not take anymore traffic, this is not a couple of houses..... it's 30!!! This development could potentially mean 60plus cars, it's many accidents waiting to happen.</p> <p>Instead of granting wouldn't it be wonderful for the council to ensure the property was restored?!</p>
