User comments

Type of comment: An objection
<p>The currently dwelling is a historical property in the area. To destroy the buildings is totally wrong. To put 30 houses in a area that is so small is a ridiculous idea. There are no spaces in local schools, doctors or dentists for the occupants to attend. The mess that will be caused on the roads will be astounding whilst the building is going on and also unsafe not only for pedestrians but also for cyclists and motorcycles.</p>
