Type of comment: An objection
<p>The clough house has been there for many years and is a very much part of the howden clough/birstall area!</p> <p>This building can be used for many other uses than torn down and many other houses built in its place!</p> <p>I live directly across from the property and do not want my lovely view of a lovely building and gardens replaced by more unnecessary new builds!</p> <p>I propose a rethink into tearing down this building and giving it the tlc it deserves and selling as is!!</p>
