Address of the site or building:	Clough House, 236, Leeds Road, Birstall, Batley, WF17 0HW
Postcode:	YO26 8EW

### User comments

Type of comment: An objection
<p>My objection relates to the conservation of buildings. This house is part of Birstall's historical and architectural heritage. We have seen far too many of our local historic buildings destroyed in recent years. It should be conserved as part of the architectural and historic heritage of the area. Instead it appears as if the history associated with this building has been deliberately underplayed and the fabric run down by the applicants in order to rush it through with minimal opportunity to challenge, particularly at this current time with limited archives access to investigate fully.</p>
