Application number: 2020/94210	
What is the application for?:	Erection of extensions and formation of vehicular access (within a Conservation
Address of the site or building:	6, Osborne Terrace, Batley, WF17 0LZ
Postcode:	WF17 5NN

User comments

Type of comment: An objection
I am objecting to a proposed bathroom window which would directly overlook my property. Due to the difference in elevation between the two houses their bathroom window would look directly onto my patio. I feel this would be an invasion of my privacy, irrespective of obscure glass and I am also concerned that if the window is open they would be able to hear us and we would hear them. The window in question is proposed to be on a boundary wall. The occupier currently only has access into our garden to maintain their property not to add things. An addition of a window would mean they would have more reason to come into my garden to install, clean and maintain the window. I can also see from the updated plans that they have reapplied to have a driveway off Glen Avenue, a proposal that was previously rejected for a number of reasons. They have adequate parking on their own street and I would therefore like to submit my previous objections to the driveway as they remain the same as when they previously applied.
