Address of the site or building:	22-26, Wellington Road, Dewsbury, WF13 1HL
Postcode:	BD5 0BS

User comments

Type of comment: An objection
The Strategic Development Framework, The Heritage Action Zone, the Dewsbury Blueprint and the Town Investment Plan only very recently submitted to government all support a strategy for the improvement of Daisy Hill into a quality residential area with the intention of changing the demographic of the population. This application runs counter to long established council policies, will have a serious and negative effect on the character of the Daisy Hill area (already undermined by similar high density conversions at Yorkshire House and 47-51, Daisy Hill) and will have a negative effect on the neighbouring property of Field House, the flagship project for Daisy Hill.
