There have been a number of recent developments in Dewsbury Town Centre, around the Daisy Hill area that do not live up to the vision articulated within the Blue Print & the Town Plan. This is another example. My understanding is that we are trying to attract people who want to live and spend their disposable income in Dewsbury. This requires a quality of accomodation that will encourage commuters. Unfortunately because we don't have Specific Local Planning Guidance that supports the vision we have had, and are likely to continue to get, low cost housing for single adults, often with complex needs e.g. addiction.
