I refer to the above application and would like to make the following representation. A. There does not appear to be provision for a bicycle store. B. There does not appear to be a provision for refuse store. C. The use of aluminium for windows in a heritage building seems perverse and research should be given to Accoya timber which will give 60 years life span. D. In this highly prominent position with views from the railway and a busy road a planning condition should be placed on the window treatment with blinds specified. This will hopefully prevent the occupiers use of cardboard/newspaper or other inappropriate window dressings. E. Now is the time to formulate and implement a Masterplan for this area of Dewsbury that sets future housing policy for the area.
