(within a Conservation Area)

Date Responded:
06/08/2020

Responding Officer: Leon
Murgatroyd

Responding Ref: 01

Summary

The Lead Local Flood Authority requests more information for this development.

- The applicant should provide a detailed surface water drainage design.

Comments

Surface Water Drainage.

The applicant plans to discharge surface water from the site using the public sewer. The LLFA accepts that this is likely to be the only feasible option.

The LLFA requires the applicant to provide details on how they plan to drain the development.
