

VISUAL SCALE 1:1250

To enable investigation works to take place on the existing retaining wall site access needs to be gained via the route indicated on the plan.

Indicated on the plan is a 6m zone that will be cleared to allow equipment to gain access onto site.

In order to get access onto site the vegetation within the indicated area will be cut back and a section of the existing retaining wall will be demolished.

Please note prior to any vegetation being cut back survey work will be undertaken to ensure that there is no wildlife are disturbed by the works.
