We have concerns that the extension to the rear of the property will extend close to the boundary of our property which faces directly opposite. This would cause us to be overlooked into our living areas and bedrooms. We also think the extension will be close to the trees on our boundary, possibly causing a light issue within the extension. We are concerned that our trees may be subsequently raised as an issue in the future. There are a number of other properties on Whinmore Gardens that border our property and we are also concerned that this extension may lead to other home owners requesting similar planning permission which would lead to further impact on us for the same reasons explained above.
